Dear Carrie

We got your letter to day and I will write some this eve. we got Lula to sleep right after supper. she gets up early was up about 6 this mornng. she slept in the bedroom last night with ~~Paul~~ <sup>Lane</sup>. Lane had a head last night. Jesse and Ray slept on the floor as they could not verry well sleep out here on the cat. The fellow that comes to see Lane is from Henderson his name is Bert Renner. that is all I know about him. I did not see him as I had gone to bed before they came. Charley Dilly came with him Jesse said she had to entertain him. but they say he is green. Late would not have anything to do with him. Jesses fellow works in the store and could not get away. I dont know how much longer Jesse is going to stay she is talking of going to Ranges to work they have gone over to see about it.

I got a letter from Aunt Jennie to day.  
she says there is lots of hoaxes there but no other  
there was a wagon loading hoaxes for 1000 lbs.  
looked full for 25¢ they were 1000 lbs.  
for this eve. if she don't go there she will  
go to Red Oak <sup>Monday</sup> she is trying to get Ray in  
some home where he can be in school  
she has been writing to different places but  
has not decided yet what she will do. I think  
when she gets him settled some place she intends  
to try to get work at the Institution. I don't  
know of any way to get Loula home until  
Lanie goes she said to day she thought she  
would go about the 11 of sept. I expect you  
will think that a long time for her to stay  
away from you but I think she will be  
perfectly contented to night after I undressed  
her she said she would like to see Mamma  
and June and Pappa and Greba and Walter  
and she would like to see Grebas doll. I  
never saw such a girl for dolls. I got Mrs  
Chels pattern to night and if we can get  
one made ~~for~~ without her knowing it  
I think we will and not wait until  
Christmas. Lanie has not made her wrapper  
yet she washed a piece and bailed it and put it

out in the sun and it did not  
fade. she wanted to see if it would fade before  
she made it with a white yoke. she made her  
a white waist to day with a sailor collar  
yes we got the pointers and eyes all right -  
but I will have to wait untill the hair comes  
off again before I can put the eyes in.  
I read your letter to Lula and she laughed  
about Emma ~~be~~ carding hair. but she can't  
hardly understand about the letter business.  
I think you have had quite an experience with  
your lounge how will Ray get along without  
his little bed. We got a little catalogue of  
Montgomery Ward to <sup>day</sup> just a forerunner of the  
big one, and there is a nice couch advertised  
for \$7.50. Jessie Hart said Maggie Cook  
took an old lounge upholstered it in  
velvet and made it look just like one  
of the nice couches. Lanie or I either one  
could not curl the front of Lula's hair  
so it would look nice and Lanie braided

fore Mamma  
clover after leave goes home. Mamma  
is with come some for pies, I wish you could come  
but I am in, and they make very good pies I think  
through the exchanger, then cooked the skin and  
by mixed them and cooked the grapes and put them  
the front and tied it with ribbon and curled

the back, she has been real good she minks  
lets better than she does at home, if she  
gets a little naughty I tell her that Mamma said  
if she was not good for me to shut her in the  
bedroom and she will be real good. Lanie & Jessie  
has got back Mrs Ranty did not hire her as she  
said she said she did not need a girl now and she  
could not afford to hire a girl while she needed her.  
I must stop now as it is tea time, Sunday afternoon,  
I will finish this up now we all went to church this  
morning Lula said she wanted to stay to Sunday  
school, said she would go with the little girls and  
she went and sat with them but when I started back  
she got afraid and came away and I brought her home.  
I took her over to Kimmy's this afternoon but she got sleepy  
and would not stay so I came home with her but  
Clair and Howard were bath here and she got  
wake up and, I thought playing, I thought Jessie &  
Ray were going away tomorrow but I heard her say  
to day she was not going until Thursday, I am  
getting awful tired of having Ray here, we had a big  
watermelon for dinner, to day half of it was all we  
could eat. Lanie has got her some green shagbarks  
this morning Lula got in my bed after Pa got up and  
hugged her up to me I thought she was cold but she jerked  
away I asked her if she did not like me she said yes she  
liked ever so badly but she did not like to be  
get ~~threw~~ up, I made some grape pies yesterday
